

**Contextualization and Change Over Time by Era**

Compose a direct statement of a major change over time for each period below. Then, list five examples of specific, significant, factual information from that era that support your change over time. Finally, explain, in a direct statement, a way in which the information and change connect to other, similar historical phenomena across time and place

<b>Change over time</b>	<b>1491-1607</b>
